

AUTOMATED LEAD CONCIERGE PERFORMANCE AGREEMENT

This Concierge Services Agreement (the "Agreement") is entered into by and between:

Provider Account: Amit Gupta, acting as Principal Officer and Managing Director for and on behalf of Optima Workflows ("Provider").

Client: The independent insurance agency or brokerage group executing this digital signature tracking line ("Client").

1. SCOPE OF SERVICES

Provider agrees to configure and provision its serverless 3-second conversational SMS qualifier script architecture, linking it natively to Client's database logs or active lead ingestion webhook triggers to eliminate lead decay and book qualified buyers straight onto Client's sales calendar.

2. EXPERIMENTAL RETROACTIVE SANDBOX TRIAL

Client agrees to submit an isolated database segment containing up to two hundred (200) old, cold un-contacted legacy prospect profiles into Tab 1 (Active_Lead_Matrix) of their provisioned sandbox sheet, and paste their required Twilio environment API keys into Tab 2 (Agency_Config). Provider guarantees to convert this list segment into a minimum 3% to 5% live appointment booking rate (6 to 10 sales calls) using its automated speed-to-lead text script.

Further, to keep the system working efficiently and successfully, the client agrees to keep supplying the fresh leads to the system without a break.

3. TWILIO COST INFRASTRUCTURE & LEAF EXPIRY

Client agrees to bear all direct carrier messaging segment charges natively through their Twilio billing ledger balance. The automated text engine operates strictly as a transactional execution system; the pipeline will automatically freeze its webhook

listening channels and terminate all outreach sub-routines the exact millisecond the pasted list of 200 data profiles is completely exhausted.

4. USD PERFORMANCE COMPENSATION

Client shall pay **zero dollars (\$0.00)** upfront for server costs or software licensing fees during the introductory setup pass. Client legally binds their firm to a performance settlement fee of exactly **Two Hundred and Fifty United States Dollars (\$250.00 USD)** per live, intent-verified calendar appointment generated on Client's scheduling board by Provider's text engine loops. All fees are payable via secure ACH or bank wire transfer to the personal account name of Amit Gupta immediately after trial completion. Full customer conversation transcripts will be transferred instantly upon verification of payment settlement.

The detail of the account is as under:
